CATIA V5 Metric Fastener Catalog: Catalog contents: Tabulated Parts:.....491 Design

Tables:.....491 Thread Definition Tables:.....4 Catalogs:.....18

Documentation:.....1 Parts List:.....1 Parts list: The Parts List is a complete listing of all the tabulated parts and their nominal sizes that they can create. To download the parts list (Excel 2007 format) select. Click here... Advantages of using these tabulated parts: 1. The CATParts are all smart parts and can be easily modified by changing the values in the design table. 2. All CATParts were

created using the same methods by our highly skilled CATIA operators. 3. Completely linked fastener solution from Design Table to CATPart to Thread Definition Table and CATIA Material Library. 4. Every CATPart has linked named Published elements for ease in constraining. Just CATIA V5: There are no fancy scripts that have to be updated when you upgrade CATIA, no annual subscriptions that you have to continually pay for. Just a one time purchase price, CATIA V5 R19 GA or later and Microsoft Excel 2007 or later. Use the tabulated parts to grow your own fasteners: The tabulated CATParts in this catalog are meant to be used as SEED parts to create fasteners unique to your business. All the standard data from ASME, ANSI and IFI is already present in the design tables. All you have to do is to add your Part Number, Description, Length, Thread Length, Material, Grade, and Finish. The provided step-by-step instructions will show you how to use the tabulated parts and to create company specific catalogs. With the CATIA V5 Catalog workbench, the tabulated parts provided, and the information that you supply you will be able to create an infinite number of unique fasteners for yourself or company.
