Solo piano music meant to relax the Jewish soul in preparation for Shabbat, but far from 'traditional'. Relaxing piano music to use for meditation, inspiration, or mood music, but somehow maintains a tension between the sacred and profane. 11 MP3 Songs EASY LISTENING: Mood Music, WORLD: Judaica  
Details: The people that have listened to the "Small Acts" CD say that they use it as a calming interlude as they transition from the work week to rest. It can be relaxing background music or contemplative music to help set a tone or mood. These are original melodies played solo on piano. I have been involved in music production for over 20 years. I play solo and also in a band in Austin, Texas. Prior to moving to Austin, I lived in Minneapolis, Minnesota and owned a sound production company there called Still Voice Audio. To see more about me, please visit stillvoicemusic(click the "Alan Goldberg website" link to the left). I am an associate of the Project Mind Foundation, based in Jerusalem, (see projectmind.org). I think you will find visiting the Project Mind website to be worthwhile, and may give you some insights and things to think about. A contribution will be made to Project Mind for every CD sold. Thanks for listening
