

## Mp3 Anthony Blue - Pop: Power Pop

[DOWNLOAD HERE](#)

Anthony Blue is basic rock'n'roll at it's purest, a combination of blues based thinking and power chord rhythm, with folky leanings. Melody harmony are crucial to his sound. Once you hear the music, you will not easily forget it. 11 MP3 Songs POP: Power Pop, ROCK: 60's Rock Details: Rock'n Roll may occasionally be art, but expression is the key to it's existence. The blues of understanding, the plight of rejection, the love of melody, and the fueled fire of anger make for a cocktail rhythm of sound, meant to hit, but not hurt the audio listener. Everything on the CD is real, based on real life experience, pit-stops and downfalls galore. With one eye toward creativity, and another toward cathartic expression, I hope I can engage you into thinking past the sound, exponentially and onward. Hope you enjoy.
