

## Mp3 Arabb - Electronic: Drum'n'bass

[DOWNLOAD HERE](#)

Complex and precise Drum Bass that lunges forward on the experimental tip. Arabb is very listenable electronic music despite the boundaries its breaking. Very similar to Squarepusher, Aphex Twin, Autechre, Venetian Snares and Boards of Canada. 9 MP3 Songs ELECTRONIC: Drum'n'bass, ELECTRONIC: Experimental Details: Arabb is the lovechild of trip hop, ambient, drum bass, and industrial music. What started out as a kid looping pre-made beats with Acid DJ 2.0 turned into a production genius with the creativity to amaze the most advanced intergalactic space traveler. This gentleman's name is Stephen M Chabassol. Many may know him from past indie and hard-core projects, Girl Next Door, and Chain of Reasoning. He has played guitar since 1997 and has been producing and programming music since 1999. With superior taste, he mixes unusual melodies, intelligent beats, and hard hitting bass lines with the complexity to immerse a Harvard music major in attention sustaining wetness.
