HIP HOP/RAP: Hip Hop, HIP HOP/RAP: East Coast Details: Let me press your buttons! I am in love with TRUTH!!! It's time to get hip-hop back on track to the teaching tool it once was! This cd - DaButtonpusha - WHO? - Is me letting ya feelings about hip-hop be known. I make all of my own beats and I write all of my own rhymes. I represent hip-hop in the form that it was taught to me by the works of KRS1, Brand Nubian, Mos Def, LL Cool J, 45 King, Queen Latifah, Roxanne Shanté, Boogie Monsters, Black Monks, and others who have made a true impact on hip-hop - more importantly underground hip-hop. Keeping with the true spirit of real hip-hop, my stage performance is as live as it gets. I use a lot of energy and the vibe is not different when I am in the booth. My goal is to achieve peace in this hip-hop game, however I am aware that I may have to go to war to dethrone the few who have brought such an ugly image to what I love - trust I am fully prepared to do so!!! I never forget those who have been good to me and I try to help all! I never forget those who have not been good to me and I try to keep them outta my cypher! Cats better bring when rockin' with me cause I came to ROCK! and I ain't playin' with corn-ball mofos who like to run their mouth with no substance behind what they are sayin!
