"Tinged with influences like James Taylor, Stevie Wonder and Al Jarreau, you will never again read about John without the adjective 'soulful' close-by." -Performing Songwriter Magazine 10 MP3 Songs FOLK: Folk Pop, EASY LISTENING: Soft Rock Details: "The sonorities of Englander's voice are as soothing as the gentle roil of running water or the easy breathing of your lover sleeping next to you. His sense of melody speaks directly to soul -- soft, skittering drumming, plaintive keyboards and healing acoustic guitar. His 'River Song' deserves comparison to Neil Young's 'Sugar Mountain.' --Chad D., Listen.com ----- River Song is a collection of ten original songs showcasing John's thoughtful, intelligent lyrics and soulful melodies. Unifying it all is his voice which rings with depth and passion. Produced by Mark Prentice, River Song features an incredible collection of musicians, including George Marinelli, Jr., Darrell Scott, Catherine Styron and John Gardner. John's style is a few parts soul and a few parts folk-rock, with dashes of gospel, jazz and blues thrown in to create a unique and powerful sound. When you hear his voice, you'll know why so many list his CD, River Song, as one of their favorites. Like James Taylor, John has the kind of voice you could listen to all day.
