Original, eclectic, instrumental music for two guitars. 14 MP3 Songs in this album (48:26) ! Related styles: CLASSICAL: Contemporary, JAZZ: Modern Creative Jazz Details: We are a guitar duo based in London, Canada. We began sharing musical ideas in 2002. Our album, Two People, consists entirely of original compositions for two guitars, except for our arrangement of "Tears", a Stephane Grappelli / Django Reinhardt piece. When we're writing music together we usually begin with either a simple (or not so simple) chord progression, one or two short melodic phrases, or a combination of both which change over time as we play and experiment. Our music has been influenced by many different styles. We hope you will enjoy our music.
