

The Idea Of Leisure: First Principles - Robert A. Stebbins

Although leisure has huge importance for humanity, observations about the idea of leisure as part of the idea of progress have been sporadic. It is no accident that the World Leisure Organization promotes the motto: "Leisure: integral to social, cultural, and economic development." Nor is it an accident that Article 24 of the United Nations Universal Declaration of Human Rights declares that: "Everyone has the right to rest and leisure, including reasonable limitation of working hours and periodic holidays with pay." For whole nations to find satisfaction and self-fulfillment based on leisure would be a true sign of progress. Stebbins's book offers original insight into this basic human requirement.
