Neo folk rock with visionary lyric, sensational vocals, harmonies and melodies 7 MP3 Songs FOLK: Alternative Folk, FOLK: Folk-Rock Details: CARNIVALE.....Like a sideshow, the hall of misfits or a school for the lightbearers Bob Rylett has released his most accomplished work yet. Right off the heels of his immensely popular album "Its All Gone" Bob continues with stories of life, truth, hope and belief...Hailed by the CBC radio ... "Bob (Rylett) must be the most disciplined songwriter on the planet" CARNIVALE will give you something to listen to everyday. You will recognize your friends and your family, your lovers and your rivals, your hopes and your fears...but mostly you will find your dreams...inside the tent of the CARNIVALE. The "jukebox with a smile", Bob Rylett is a prototype of the great Canadian singer/songwriters before him. As a storyteller he is prolific and dangerous, surprisingly honest and insatiably curious about life, he sings of lust filled angels and repenting devils. He sings of peace with a knife and the cowardly bully. He sings of revenge against teachers and preachers and chance. He sings of lust and life and loss and luck. He sings of the love of truth and the lies of hate. He sings about you and about me. He concerns and cajoles, he angers and amuses. Each song is the flash of life before your eyes, at the moment of your birth. Each song is the deja vu that sends you reeling. Each song the moment you first met yourself. Each song is a warm reminder. With 7 albums behind him (including American Dreams, Questions, Riddles and Rhymes, Its All Gone and Carnivale) and the release of his newest album "Wings of a Rusty Soul" Bob Rylett has been called "a genius of timing" and "Dylan-esque with the angst of Springsteen". He studies his masters so comparisons with Cohen, Young, and Lightfoot always follow him around as do the high expectations he has for himself and for you. Discover this gem, this big dreaming 21st century troubadour with the heart to match. People who are interested in Bob Dylan Jim Croce Ryan Adams should consider this download.
