Details: If Michael Moore was a funk/rock singer he would be singing about the social issues that are included on Genie the Beast "State of the Union" The object of this Cd is to make people think. We want to call people to action. Listen to the music and make sure you VOTE. You see in this STATE OF THE UNION, we truly have some leaders who should be put in an POLITICAL ASYLUM because they don't care if we are happy. Well, ARE YOU HAPPY with the stuff that's going down? People are about to lose their BODY RIGHTS. Many young American brothers sisters are over in another land fighting and dying for the HOME OF THE BRAVE. We really should be trying to BREAK DOWN THE WALLS OF PAIN because in the end we're all BEAST,NIGGAS,NEGROS,COLORED PERSONS,BLACK, AFRICAN AMERICANS because if you're not part of the upper one forth, then you're part of the lowest common three forths. So we'll all black men and guess what, it's BLACK MAN SEASON. I'm not worried about a change comin', or even singing we shall overcome. It's time to fight for your rights, and if you die, don't worry because in the end, we're all SPIRITS.
