

## Mp3 Jitterbug Thompson - Rock: Americana

[DOWNLOAD HERE](#)

Defying classification, this blend of roots, blues, country and jazz is pure oddball Americana. 6 MP3 Songs ROCK: Americana, BLUES: Jazzy Blues Details: Jitterbug Thompson doesn't belong. Born too far south of Chicago to be considered a Yankee but too far north of Tennessee to be a true southerner, founder Caleb Sweazy brought this everywhere and nowhere sensibility to Los Angeles with Jitterbug Thompson, a sound that manifests a dirty, sexy roots-blues-jazz-rock vibe while cleverly defying classification. Upright bassist and California girl by way of the UK, Victoria brings her adopted homestate's flair for fusion to blend with Sweazy's sly vocals. This livewire duo creates a sound comfortably at home everywhere and in between, Jitterbug Thompson is making somebody's toes tap somewhere right now.
