Eclectic mix of pop, jazz, rock, funk, rhythm, and blues. 12 MP3 Songs POP: California Pop, JAZZ: Boogie-Woogie Details: This CD has been many Months of work just messing around with a few ideas. I decided to put this CD out because my friend came out with one. I happened to be trying out a new ART PreAmp and a new Phase Shifter from Boss. I am trying out a Keyboard Midi Module from Kurzweil and I'm using some Steinberg to. Here's what I've been just playing around with. The Saxophone is a Custom "Monique Professional" sent to me from Ohio, made by French Technicians. It kicks, but the mouthpiece is from London. "Beechler." It didn't take long at all to get use to it. I owe any success or progress I've made from God and his Son Jesus 1st. But secondly Dorsey High School has been one of the biggest inspirations. My mother and father got me started playing Music when they bought me my first Saxophone. What a gift my parents are to me. I started in 1976 with Earth Wind and Fire Music and Led Zeplin and Deep Purple-James Brown-Curtis Mayfield-and Billy Paul came out with that song "Me and Miss's Jones." People who are interested in Chaka Khan Rufus Philip Bailey should consider this download.
