The Jammin For Jesus CD, is a unique style of Contemporary Christian music, with driving Pop and R B beats and grooves. The background and lead vocals are intense, and the energy keeps going through each song, as we glorify Jesus Christ. 14 MP3 Songs URBAN/R&B: Contemporary urban, POP: Delicate

Details: I was born in Newfoundland, Canada on St. Johns Air force base. I currently reside in Irving, Texas and have been in the Dallas Metroplex for over 9 years. I am currently serving as a Minister at Abundant Life Church in Dallas, Texas; and have my own Evangelist Ministry called Unified Ministries for Christ where we hold Christian rallies and revivals in different cities each year.

1. Why Contemporary Christian Music? For many years I have devoted my talents to Christianity. It is my deepest desire to write music that brings souls to Christ and brings revelation to a dying world. Becoming a Christian Recording Artist would allow me to impact many people and be a testimony to his will.

2. Musical Experience: I have been involved with several bands over the years, have played bass guitar and drums for various bands, and church choirs, recorded and released a Hip Hop CD in 1987 with Southside Secret Society (underground), in 1985 I provided all the marketing and promotional support for Parliament Funkadelic and George Clinton to come to Orange County for a college concert. I currently work with several artists in Dallas, Texas writing songs, beats, producing, and recording. I write all my songs, perform the music, and perform all lead and background vocals.

3. What Music Interests Me Contemporary Christian music is my main focus and what I predominately listen to. I try to stay focused on Gods word and his music. I also like R&B, Pop, some Hip Hop, Jazz, and Rock. In my music I combine Pop and R B rhythm beats with traditional Christian lyrics to provide a potential cross over balance and energy in the music that can spiritually reach, and musically move all nationalities for Christ.
