Praise and Worship 7 MP3 Songs GOSPEL: Contemporary Gospel, POP: Folky Pop Details: Paul and Candi's debut worship album Shouts of Joy celebrates the product of many years of serving God faithfully as worship leaders of Butler Church in Fresno, California. Seven new songs, fresh with inspiration and imagination, excellent vocals from both Paul and Candi make this a wonderful experience of worship. Candi was the co-worship leader of the "More Than Music" CD in 1997. AN interesting aspect of this CD is that proceeds from the sale of this album are being used as a fund raiser for TEAM 2000 - three YMI Alumni families committed to serving in Thailand for the next ten years under Mennonite Brethren Missions and Services International.
