Looking for energetic music for the OFFICE, WORKING OUT, the DAILY COMMUTE, or just KICKIN' BACK TO RELAX ??? C l i c k on track 2 at left and listen while reading \*\*\*\*\* Let the sounds of Piano Keyz take you to a different place... a sizzling place, a kool place, a calm place... A blitz of "keyz and grooves" makes this CD an unforgettable sensory experience. Artist PK combines these elements with ease to keep you at once captivated and soothed. This volume of Piano Keyz -- entitled "Pure Koncentration" -- features 13 instrumental tracks, all built on smooth, urban rhythms. A brilliant and crisp piano is always at the forefront of each piece. PK's wizardry as a keyboardist shines through in the intricate fingerwork on the "keyz." Each song has the perfect musical architecture: the drum grooves were meticulously designed (and performed) from the bottom up -- nothing preprogrammed or machine-generated here! And even the supporting cast of sounds intertwined with the piano's leads exhibit their own artistry. Classically trained, but with a passion for house music, pop, latin, and jazz styles, -- and surrounded by the Chicago music scene for over 10 years -- PK crafted each of his songs into a soundscape of unrelenting energy. If you're intrigued by what this fusion sounds like, look no further than Piano Keyz. And, whatever YOUR "place" -- you'll find it in this CD.
