

Mp3 Regenerator - Existence

[DOWNLOAD HERE](#)

With doomsday themes delivered over lush synthesizers, industrial beats, elegant female and evil male vocals in this debut by the seminal California IDM creature, which invaded Europe by storm, all before the term futurepop was coined. 9 MP3 Songs in this album (46:43) ! Related styles: ELECTRONIC: Industrial, POP: Dark Wave People who are interested in Kraftwerk Cabaret Voltaire Skinny Puppy should consider this download. Details: Through their huge discography, Regenerator have proven themselves able to deliver everything from ethereal electronic pop to highly charged dancefloor industrial with equal skill. Although some modern electronica elements and other various influences have seeped into Regenerator's sound, their unique style has always surprisingly remained intact, revolving around their characteristic shared male female vocals. Wrex's sombre melancholic growling vocals indeed always enter in perfect duality with Patrice's wide ranging and breathy sensual vocals. Regenerator are reknown for the beautiful and shimmering contrasts in their work where love and hate struggle, where male and female vocals intermingle, and where melody and energy become one. For over a decade Regenerator has been creating their unique blend of dark electro, which they have also presented live, through successful tours throughout Europe and the U.S. From the outset the band has continued to garner the recognition, respect admiration of their fans, press peers.
