hopes to touch the heart of every listener, to help each person fall in love with their own true essence and find the strength they have within to take the next step in their own journey. "Queen" calls forth the divine feminine with every woman, a song of self-discovery and blossoming self-love. It is empowering to every woman, and men who honor the sacred feminine. "Give it All Away" speaks of the pain we have when we realize we have given our power and authenticity away in a codependent relationship. It encourages us to then give away the same mentality that allowed us to get stuck in the first place. It speaks of triumph over adversity, and the courage to stand up and define what we really want to create in our lives. "Divine Spark" is a song from the Beloved album that serves to inspire and re-awaken people to the truth that we are all spiritual beings on a remarkable journey, and that once we step into the flow of living in conscious connection with the Divine (in whatever form) life becomes a very sweet and magical journey. Samantha is also dedicated to having a healing impact on the Earth. She consciously chose to package her CD in an "Eco-Wallet" made of 100 recycled paper, which is 100 recyclable!
