ORIGINAL 60ish type of music. Upbeat Rock n' Roll, geared towards families, ie: parents and their children. This is also an IBM compatible Interactive Computer program. Music voice tracks will work in CD players. This is part 1 of a 2 part program. 13 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Children's Pop Details: ".....Where do you go...We're going to go....To The Children's Corner...!" These are the main lyrics from the theme song, "The Children's Corner". The two current CD"s - Adventure #1 and Adventure #2 are also computer programs. You can load these into your computer and sing along to the music as the lyrics appear on your computer screen. There is also a music video included! Presently in the planning stages, we have a half hour educational television program for children, based on the "Slouch In The Couch" children's series of learning books as well as the music, in the works. Hosted by Stephen J., the children are taken into the World of the Magical Couch. The music is all original, and is performed by, "The Slouch In The Couch Children's Corner Band". The band will be in each television episode.
