Online Source Code Editor Save Your Time and Your Bandwidth By Editing Your Online Files Directly On The Server Are you sick and tired of losing time and bandwidth by having to upload an edited page again and again and again? Don't want to start up your FTP-client for every small change you make? Then This Is Exactly The Tool You Need! Online Source Code Editor, you can edit your online files in just a few simple steps: Upload the script file to your folder. Enter the name of the file you want to edit in the 'File Name' - field. Click 'Edit'. Make all desired changes, using the full-featured WYSIWYG-editor. Click 'Save'. Your page will be updated automatically. Screenshot: There has never been an easier way to keep your sites up-to-date!
