

Practice-based Research In Social Work - , Irwin Epstein

[DOWNLOAD HERE](#)

This unique textbook explores practice-based research (PBR), using numerous practice examples to actively encourage and engage students and practitioners to embrace research as a meaningful support for their practice. Whilst evidence-based practice gives practitioners access to information about "universal" best practices, it does not prioritize practitioner-generated knowledge or promote new research-based interventions relevant to their own practice circumstances as PBR does. This book discusses the evolution of PBR as a distinct social work research approach, describes its principles and methods and presents a range of exemplars illustrating the application of PBR within different practice methods in different practice settings. The chapters cover: Identifying the research question in a PBR model Designing a study and identifying a methodology Sampling Literature reviews Gathering data Ethics Analyzing data and interpreting results Putting research into practice Viewing the practitioner as central to the research process, and research as a necessary component of practice, this invaluable book emphasizes the seamless integration of practice and research. It is about research in social work practice rather than research on social work practice. Each chapter includes an overview, an introduction, and a key concepts summary. Practice-Based Research in Social Work is a very accessible text suitable for social work students, particularly MSW students, and practitioners. Author: Dodd, Sarah-Jane Author: Epstein, Irwin Publisher: Routledge Illustration: N Language: ENG Title: Practice-Based Research in Social Work Pages: 00224 (Encrypted EPUB) / 00224 (Encrypted PDF) On Sale: 2012-03-12 SKU-13/ISBN: 9780415565233 Category: Medical : Allied Health Services - General Category: Social Science : Research Category: Social Science : Methodology
