Heres Why 9 Out Of 10 Email Marketers Eventually Explode!... Relax Now Theres A Way To Guarantee Your Messages Get Seen By 100 of Your Subscribers Every Time! A guaranteed 100 open rate! Yes! Your Wish Has Finally Come True... With DeskTop Pop You Can Guarantee Theyll Get Your Messages - Every Time! DeskTop Pop is a brand new program that lets you build mini applications that sit in your prospects system tray (The bottom right of your screen next to the clock). This little silent salesman quietly monitors the web page you tell it to (as often as you want) until you update that page. When you do - Bam! The application springs to life and lets them know! What does this mean to you? In simple terms it means you never need to worry about your prospects seeing your latest offers because you wont be worrying about your emails getting through. As soon as you update the page theyll know about it! Heres just a few of the ways you can use DeskTop Pop : * Newsletters - Guaranteed delivery of every issue of your newsletter -- no more accidental filtering or blocking of the e-mail version by ISPs and filtering software! * Special Offer Alerts - Your prospects get instant notification of all your latest special offers! * Backend Promoter - Strike up affiliate partnerships and promote them through DeskTop Pop . * Affiliate Updater/Motivator - Inform your affiliates of your new promotional material and products. Keep them up to date with their affiliate stats and motivate them to make YOU more money! * Membership Sites - Run your membership site through DeskTop Pop , now your members will always know as soon as you add new content. * Product Updates - Inform your customers of the latest updates to your products so they can get instant access without even opening their browser or email program! *

Download Area - Have your website download area contained within DeskTop Pop so you can bring people back to your offers long after they download your freebies! * And many, many more! The possibilities are endless. All these things will bring people back to your site again and again to buy your products! Let me show you exactly how DeskTop Pop works. All you do is simply open the program, fill in a few simple options, and press Build Application. DeskTop Pop will create a file ready to distribute to your prospects and customers! Yes That Really Is All You Have To Do! Then the next time you want to bring them back to your website and sales message you simply update the page you entered when creating the program, and within minutes youre prospects will receive an alert direct to their desktop like below...
