

Fatherhood: The Truth - Marcus Berkmann

There are lots of books about parenthood. But if you look closely most of them are about motherhood. Fathers get brief paragraphs about needing the odd cuddle themselves and being helpful for carrying the heavier elements of baby kit, but that's it. Fatherhood - The Truth, on the other hand, is a shed-friendly man's guide to the whole scary, life-changing business. One that looks beyond the happy-clappy cliches into the fiery hell of night feeds and projectile vomiting. 'Shit happens' will suddenly start to make sense as a phrase. Providing crucial information and insight on every aspect of parenting with pitch-perfect humour, it takes the dad-to-be on a white-knuckle ride from conception to the first birthday that also considers the emotional truths and selfish imperatives that fathers are usually asked to bury out of sight. A personally informed journey, Fatherhood - The Truth also touches all the crucial practical bases to make it a one-stop, know-it-all manual for the father-to-be.
