

Mp3 Christopher Schlegel - Symphony #3 "the Virtues Of Man"

[DOWNLOAD HERE](#)

Futuristic Romanticism: digitally sequenced, powerful, heroic, orchestral music. 7 MP3 Songs

CLASSICAL: Contemporary, CLASSICAL: Orchestral Details: This CD is a seven movement orchestral symphony. The seven movements are named after the seven virtues mentioned in a famous speech.

Therefore, they represent my thoughts and emotions about each virtue. The whole piece is a tribute to Ayn Rand, whose work I admire a great deal. While the music is in a Romantic Classical style, it is NOT mere rehashing of Beethoven, Mozart, etc. It is not "old, boring stuff covered with centuries of dust". It was partly influenced by some old masters BUT my music is modern, exciting, new and adventuresome.
