Passionate, Energetic 10 MP3 Songs ROCK: Hard Rock Details: Describing Ezekiel's Eye could be summed up in four words dedicated, passionate, skillful, and energetic. This band is recognized not only for their music, but also for the lively presentation they bring to the stage. Established in 1997, Ezekiel's Eye has passed the test of time as one of Orlando, Florida's longstanding rock bands. In its seven years, the purpose of this band has remained the same - to see lives positively impacted. With several member changes, E.E. has been through a lot, but has now reached solidarity with members Scott Wilson (vocal/guitar), Dan Powell (drums), and Matthew Scott (bass). They have refused to give up and are now seeing the fruit of their labor. Every day the band grows closer to what they see as the reason they started playing music -to be part of a revolution. Ezekiel's Eye has toured the U.S. numerous times, making new friends along the way. Though continually preparing for the next tour, Scott, Dan, and Matthew always find time to write new material. Currently Ezekiel's Eye has two independent records under their belt (So-called Beautiful Day - 2000; the occupants of a prominent place - 2003) as well as a just-completed three song EP. Having come this far, Ezekiel's Eye won't be stopping anytime soon.
