NEO SOUL..."a cup of D'Angelo and Maxwell sweetened with a cube of Eriqah Badu ...making a warm smooth blend best described as...MMM..MMM...MMM... 17 MP3 Songs URBAN/R&B: Soul, EASY LISTENING: Crooners/Vocals Details: Born in Fort Wayne, Indiana to a family of musicians, singers, poets, ministers and a pastor. This singer and songwriter was destined for fame. His soft soulful voice accompanied by his catchy strumming of his guitar make for a more than wonderful experience on disc. His new approach to the neo soul genre is to say the least gratifying. He grew up playing on drums, guitars, pianos, even trumpets. Today his creative talents are heard as music continues to captivate this producer, arranger, composer, "Artist". At the age of seven he captivated the audience with a poem he insisted he needed no help on....to which after it was read to a full house the OOOh's!..Oh's..and Ahhh's...were only remnants of what was to come. "Growing up I always knew that I wanted to make a difference. My grandmother and my mother are my inspirations for writing music. My grandmother passed in the fall of 88' and I have never really mourned. You can hear her in all of my songs...although number nine is a true dedication to her..my grandmother..entitled "No More". This first album is only an introduction of greater albums to come... My personal favorites on this album are #10,#7,#1,#9,#16,#3,#4,and #8. Yes!, in that order...Although I love all of them!!! Oh yeah...and #13! Enjoy!!! THIS CD IS AVAILABLE ON TOWER RECORDS AND CDBABY.COM
