

Mp3 Liam Mcfadden - Lights In The Distance

[DOWNLOAD HERE](#)

The perfect antidote for your panic attack, Liam's lyrical brand of piano-based acoustic rock has been likened to that of Neil Finn, Paul Simon and James Taylor. 11 MP3 Songs in this album (46:50) ! Related styles: POP: Piano, EASY LISTENING: Vocal Pop People who are interested in James Taylor Paul Simon Neil Finn should consider this download. Details: Compared by listeners to the likes of Neil Finn, James Taylor and Paul Simon, LIAM MCFADDEN writes about the issues arising from modern existence, the serious and the amusing, framing his songs in a style designed to soothe and relax - the perfect antidote for your panic attack! Based in the North East of England, he is a truly independent songwriter and performer who has fully engaged with the Internet to carve out a public niche for his literate, melodic songs. In 2007, Liam independently released his "Rivers And Bridges" CD, garnering plaudits on his MySpace page from many new listeners. Now comes "Lights In The Distance", featuring the track, "Can't Change The World", which has aired on American radio in the company of Bruce Springsteen, Van Morrison and Elvis Costello. For 'reviews' of Liam's music, visit his page at myspace.com/liammcfadden, and read what the lovely people there have left in his comments box! Here are some examples: Your music is sublime...especially your voice. Love your voice and great songs! You have a gift for tune and turn of phrase that is quite engaging. Liam McFadden - the perfect antidote for your panic attack!
