Acoustic Contemporary Christian - with some haunting melodies lyrics to touch anyone's soul. 15 MP3 Songs GOSPEL: Contemporary Gospel, GOSPEL: Contemporary Christian Details: This album means personal salvation for me. After going through some very difficult rough waters and valleys in my life, including a divorce, this album represents new life for me. It was recorded in a very quaint and personal studio - called "The Cave". I am blessed to have a guitar player in my band, who also built his own studio....Frederic Moreau is his name. He is French. He is a perfectionist. And the album reveals that. Frederic plays electric guitar, saxophone, clarinet, recorder, drums/percussion on the album. And he sings a very haunting back up vocal on "The Season Of Love", my personal favorite track. Yours truly plays acoustic guitar, keyboards and sings the lead vocal. Frederic's wife Monique, and oldest daughter, Megan - sing AMAZING back up vocals. One of my best friends, Mr. Brian Pryor plays bass and an amazing harmonica on "In This Quiet Place". And my friend, Faith, plays an outstanding violin on 4 of the tracks. So - I am VERY EXCITED to share this album with the world. God has created me to write and perform music...and I'm so happy to be on this journey. Most everyone who has listened to this album, say that "The Season Of Love" is their favorite track...with others, like "Get To The River", "In This Quiet Place", "Someday" or "In The Midst"...being a close second. There is a song for everyone on this album. Being a huge Sting fan...I believe his skill in writing music/lyrics has rubbed off on me a bit. YOU BE THE JUDGE...ENJOY!
