

Mp3 Peter Coyle - Reach For The Sun

[DOWNLOAD HERE](#)

Acoustic pop with melancholic vocals, but emotionally uplifting lyrics. 5 MP3 Songs POP: New Wave, POP: British Pop Details: Know It All Records (A Division Of A Know It All Release) Peter Coyle is one of Liverpool, England's finest songwriters and most unpredictable independent artists, renowned for his work in such bands as the Jass Babies and the Lotus Eaters as well as his own hard-to-find solo oeuvre. His influence can be heard in such critically acclaimed artists like Travis and Badly Drawn Boy. The Reach for the Sun CD EP offers the heartfelt and deeply poetic work that has kept Coyle's loyal fans spellbound. Coyle's Reach for the Sun aptly reflects his undying passion for human existence and love for gorgeously crafted music that cannot be placed in any era. Coyle's melancholic croon captures the ghostly sorrow of Nat King Cole, the wounded romanticism of Nick Drake, and the emotional intensity of Peter Gabriel. Combining elements of folk, soul, and indie rock, Reach for the Sun is not bound by genre restrictions; the songs aren't linked by repetition of style but through introspective, uplifting lyrics that can caress a broken soul. Know-It-All Records in Tacoma, Washington is proud to expose the shimmering beauty of Coyle's music for the first time to a global audience. For more information on Peter Coyle or to schedule an interview with him, please contact publicist and A&R Representative Michael Sutton at knowitallmedia@yahoo.com. Please visit Know-It-All Records' site at knowitallrecords.com.
