hardcore chopped and screwed. from the rap with very intelligent lyrics, a cross between the classic westcoast basslines and east coast flare. hustler perspective, but from the moment this cd is played it will not be ejected anytime soon. 13 MP3 Songs HIP HOP/RAP: Hardcore Rap, URBAN/R&B: R&B Rap mix

Details: pizzy, is definately a skilled producer and performer. the moment we popped this cd in we knew we were dealing with a superstar in the making. the beats are melodic and can sell easily to the heavyweights in the rap game. i wouldn't be surprised if we see the pi double z y in a video soon and being signed as well to a major label. this epic lifestory he tells puts 50 cent to pee-wee status, the lyrical content is as hard as nobody's reality, that we have heard publicly. we see styles in him that seemed to cross-breed between cube, -ice-t ,rakim,dre,snoop,mike jones, etc.pizzy is the king of the southwest, there is no denying it be looking out for more artists to come on the bomb dope productions team, and more 2 cum from the p i double z y. this is a cd that you will not be taking out of your changer anytime soon, well worth the bucks. actually it is a steal, from what we understand this is a full pre-press-re-lease limited edition. only so many will be manufactured until the time of the actuall release, the difference it will have an additional 4-6 tracks and possibly x-tras. to be determined based on sales.etc.
