Honky-tonkin'-hillbilly-rock-n'roll. 10 MP3 Songs in this album (38:31) ! Related styles: COUNTRY: Honky Tonk, ROCK: Rockabilly Details: From the fertile fields of central Illinois emerges one of the most entertaining and musically substantial bands you're ever likely to hear. This band represents the epitome of Rock n Roll in its purest form. With direct and very apparent ties to early Rock n Roll, 50s and 60s Country, Western Swing, Texas and Chicago Blues, Bluegrass and all points in between, this band has managed to carve out a unique niche for themselves, sharing stages with national acts such as Hayseed Dixie, The Bottlerockets, Split Lip Rayfield, Los Straightjackets, Big Sandy, and Wayne The Train Hancock. The folks at Raucous Records say: "Magnificent American Country/Rockabilly with strong, crystal clear modern production. The Hillbilly Jones combine the best of both worlds, with twangin' country guitar and Rockabilly slap bass driving along a great album of original material which crosses into several Roots 'n' Rockin' styles."
