What kind of songs would aliens sing if aliens would sing songs? Alien Songx, of course. Alien Songx are entertaining and educational in an unconventional sort of way. 10 MP3 Songs KIDS/FAMILY: General Children's Music, POP: Quirky Details: It's not hard to see how Alien Songx are entertaining, but how are they educational? They encourage out-of-the-box thinking in a humorous and unintimidating way. What's so special about thinking out-of-the-box? Our planet and the life that we so easily take for granted are in serious trouble. Everyone is already aware of the problems we face now like the consequences of greenhouse gas warming pointed out so well by Al Gore's movie An Inconvenient Truth. And at heart of those serious problems is the ordinary every day in-the-box thinking that we're all accustomed to. Conventional thinking has brought us perilously close to realizing our own extinction, and time is very short. We'll hit the major tipping points, the points of no return, within the next 10 years. Conventional in-the-box thinking can't get us to the dramatic changes and decisions that we must make very quickly, it can only keep us on the wrong track. Out-of-the-box thinking is the only way we can turn things around in the short time that we have left to act. So out-of-the-box thinking is very special indeed! Does that mean Alien Songx is some kind of magic cure that will fix all of the problems instantly? No of course not, and it would be terribly naive to believe anything like that. But Alien Songx does subtly help to flip the switch from off to on. Why aliens? Why not some down-to-earth ordinary things that everyone is already familiar with? Because that's exactly what in-the-box thinking is about and that gets us nowhere fast. To break out of the box we need a boost from the outside. If we can get ourselves to look at some simple everyday familiar things from a fresh alien perspective, then the decisions that we have to make about the real world problems will become a lot easier to deal with. But don't take too long to decide. Time is ticking
