[DOWNLOAD HERE](#)

Vonn New plays a blend of acoustic percussion, strings winds, electro-acoustic textures, environmental found sounds and spoken word to create a deeply intimate and spiritual soundscape. 8 MP3 Songs  
ELECTRONIC: Ambient, AVANT GARDE: Electro-Acoustic Details: When we notice a Divine Spark in ourselves and others... When we hear Truth underneath words we disagree with... When we find beauty in unexpected places... We are Listening in Tongues. This CD is the result of a spiritual quest to listen deeply and respond faithfully to the promptings of the spirit. This quest has taken me into diverse territories that don't always fit any particular musical genre or even a single definition of what music is. On this CD you will hear everything from quena (a notch-blown bamboo flute), frogs, and drums, to air conditioners and amateur astronomers making their own telescopes. People who are interested in Laurie Anderson Brian Eno should consider this download.
