Once you install Viral eMail Formatter on your site, your visitors will come back again and again to use this incredible tool to format their emails. On the top of your formatter will be any graphic image that links to anywhere on the net you wish. If you play your cards right and put up incredible offers in this space your visitors will click it making you cash with every click! Use it to promote your own sites or affiliate links your choice! Now Here Is The Viral Part! Below your formatter is a JAVA script code that will allow your users to place your email formatter on their sites! Once they place the formatter on any of their sites the users that come to their site to use the formatter that you gave them for free that happen to click the image on the top of their formatter goes to your site or the affiliate link you are promoting! The best part is that you will be able to remotely change this image and where it links to at will no matter how many people are displaying your

Viral eMail Formatter on their websites! Your visitors, visitors also will have the opportunity to get their own viral email formatter to display on their site absolutely free, but guess what! They are also displaying your ads! Back in your admin panel on your site you will be able to see how many times your ad has shown on other peoples sites, and how many clicks those sites have generated for you! Is that powerful or what! Now you may be confused! You may be thinking, why the heck would I pay you for what you are giving away for free and for what you are proposing that I also give away for free? Well the fact of the mater is you absolutely can get a free formatter for your website right now simply by clicking here to get your free viral email formatter and adding the java script code on that page to your website! If you do that it will be a win-win-win! You get a free formatter so you win, your customers win because they will get to use your formatter absolutely free, I win because my ads will be displayed on the top pf the formatter on your site, and who knows, maybe your visitors may click on it once in a while!
