

Light Invisible: Satisfying The Thirst For Happiness - M. V. Lodyzhenskii

Arguing that human beings yearn to be rooted in something greater than themselves and to know enduring joy and peace whatever the circumstances, this classic early-20th-century text examines higher consciousness and the divine mysticism of Eastern Christianity. Written by a Russian philosopher and theologian, this book explores the differences between Christian philosophy and other systems and discusses the beliefs of sainted men and women, such as Francis of Assisi, Seraphim of Sarov, and Simeon the New Theologian. Musing upon martyrdom in the epoch of the first two Ecumenical Councils, this book also contains ruminations on the writings of Leo Tolstoy as well as a conversation between him and the author.
