Contemporary Christian Pop, Peaceful Mid-Tempo, Worship 11 MP3 Songs POP: Pop, SPIRITUAL: Contemporary Christian Details: The group All in All was found in 2002 in Kansas City, when Producer+Composer Young-Jin Choi and Vocalist+Songwriter Andrew Kwon joined together as a group. In summer of 2004, All in All released their debut album Armor of God. The album was named Andrew Kwon as they were still in search of a group name. After Choi relocated to Los Angeles, they recorded their 2nd album New Life in California and released it in September of 2006. This album was definitely a huge upgrade from their previous album, and it took much more time to finish. The group came up with a name All in All after this CD was finished and it means to be "complete". The two are continually making music to glorify the Lord, and to be a blessing to others. People who are interested in Michael Jackson Marc Anthony Brian McKnight should consider this download. Tags: pop
