Allied with some of the best producers in the industry, he has succeeded in building a healthy library of mellow, soulful tracks. His latest offering is a collaboration with Swedish producers Soul Production. Titled "Hidden Souls 1", it is a healthy offering of soul, rhythm, and laid back grooves ! Featured on the six track EP are two sensational bands, Slowmo and Jahselle. These artists are receiving much attention in Europe and Japan and reached out to DJ COA to bring their sound to American shores! "My aim remains tried and true: find the soul in the sounds. What I've learned is that every corner of the world has their own style, their own representation. When it comes to RnB music it's no different. Sound cliques exist in Baltimore, New York, Atlanta, Paris, Denmark, all over! Imagine if there were no borders or boundaries to hearing the music. My personal vision is to see the walls eliminated and give everyone an opportunity to experience sounds not familiar to their respective homesteads."
