BC Parent Magazine "In the middle of the storm that families are going through when they have a child at Ronald McDonald House, Dream Child is a calming, peaceful oasis. It is different, and it is most inspiring. Amazingly, I find that parents listen to it as much, if not more than, the kids! It deserves to be widely known and recognized. Barbara Eberhardt, executive director, Ronald McDonald House, Vancouver I just want to tell you how much my family LOVES this CD. Working for a New Age distributor I have heard many cd's for kids. This by far blows them all away. I lay in bed at night with my daughter listening to this CD. She loves it so much she even sings along. Large New Age Distributor who can't share her name as they represent many artists and are not officially allowed to promote one CD over the other CDs in the same category. My five-year-old son and eight-year-old daughter love to listen to Dream Child every night after story time. It calms them, and leaves them connected to Spirit, with an inner light sense of peace. It will bring any child, no matter what circumstances, back to their centre, their power and their beauty. It teaches them of love and beauty, and that is all good! Heidi Simpkins, Proud mother of two Dream Childs captivating characters, enchanting music and powerful message of joy and unconditional love helps to

build self-esteem, as well as strong values and beliefs. These amazing songs put into words all the feelings, hopes and dreams that I have for my children. We all sing along to this CD and I have seen it support and soothe families during very difficult times. Linda Hamilton, Mother of two, Master Certified Coach, Certified Solution Focused Coach and NLP practitioner To my knowledge there is nothing like this available for children. It is a unique tool for promoting a child's sense of feeling unconditionally loved. The loving messages they promote can be carried and applied throughout a child's daily life. Janice Ebenstiner, M.A., Child and Family Therapist This beautiful CD is healing medicine. When a parent is very sick, the child's world is unfamiliar, scary and heartbreaking. "Dream Child" eases fear and soothes a broken heart. It helps children find a resilient part inside themselves that they can count on in the face of life's greatest challenges.
