Psychedelic-world-funk-lounge 6 MP3 Songs WORLD: World Fusion, ROCK: Instrumental Rock Details: Psychedelic-world-funk-lounge band the Seething Brunswicks has been hard at work. The band has modified its sound a bit for their latest album "Music for Your Secure Home" with the addition of a new rhythm section. Drummer Stephen "Boom-Boom" Bauer joined the group in 2005 and bassist Steve Solomon is also featured on these recordings. Any kind of music in the world is grist for The Seething Brunswicks, the band that takes sounds from around the globe and whips them into a compelling new genre. The San Francisco Bay Area combo performs an intriguing blend of electronic and electric instrumental music, featuring vocals influenced by both Tuvan throat-singing and rhythm and blues. The music is influenced by traditional and contemporary music from around the world. Beats and textures from jazz, rock, funk and electronica meld with the exotic sonorities of African, Indian and Middle Eastern music in the Brunswicks' original compositions. By eschewing lyrics the band keeps the listener focused on the lush musical textures and the duo's lucid guitar interplay. People who are interested in Bill Laswell should consider this download.
