

## Mp3 Voice Industrie - Power

[DOWNLOAD HERE](#)

A band from Canada that touches on many electronic styles, from industrial to synthpop to trance. 7 MP3 Songs ELECTRONIC: Trance, POP: with Electronic Production Details: Canada's electronic pop act Voice Industrie comes back with this solid album in 2003, featuring a perfect blend of many influences that the band has explored through the years, from synthpop, to trance, to industrial. Though there are only 7 tracks, it's over an hour of dreamy electronic structures, pulsing from throbbing dance beats to calm intermissions, with thoughtful lyrics coming in at all the right moments. The tracks are not shortened to fit the typical "pop" standard, but are left to extend and explore each musical idea to the fullest.
