Trance inducing shazam, gypsy furrow boom-bam. Raw, acoustical mediterranean season ranging from belligerent hard hitting riffs to lush ballads rending or swingy with bouzouki, strings, accordion, guitar, upright bass, drums and ethnic percussion. 14 MP3 Songs FOLK: Power-folk, WORLD: World Fusion ...in a gypsy style Songs Details: The Band: A la carte...a la mode ... "Ala Zingara" is derived from the music term a la zingara which means "in a gypsy style." Hence the band's music carries this vibe with a rich "alternative" array of Gypsy/Mediterranean blends -- voiced on, bouzoukis, strings, upright bass, accordion, guitar, percussion and drums. Heavy furrows are played, providing a danceable ambiance that might inspire one to the yell "Hey!" and kick over tables ... or dance on them. One reviewer likened the sound to "a wonderful new taste of food like nothing I've ever heard." The troupe has been together for four years creating a diversified sound; once in a while leaning toward bossa nova, Celtic, spirituals, and ... well, it's always a surprise. The 2nd CD, Shackled to the Wind, is also available on CD Baby at cdbaby.com/cd/alazingara2. The 3rd album, Murder of Crows, will be out shortly.
