Born and raised in Philly with a college education from Adelphi University majoring in French,then, utilizing my skills as a French teacher in the Philadelphia school-system. I was never truly happy until I left the USA to live in Paris,France. Choosing to live in Paris was like second nature to me after my experience as an Exchange student,which led me to France working in the Provence. And,it was the French who had discovered my artistic abilities. There I worked as a model and actress while pursuing my musical career. In the music business in Paris I met Clyde Wright who took an interest in my voice and trained me to do some performance with him. Finally,the doors to the music industry were opening . I worked with Clem Ashford and auditioned for LaVell. Also, had the opportunity to be managed briefly by Tony Mabote who had contracted a band giving me the chance to perform as lead singer. However,due to personal matters, I had to relinquish this contract. All in all life in Paris was truly blissful giving me the life of a true artist. Paris has great respect for those in Show Business. Unfortunately, my life took a drastic change : got married and moved back to the States. My music career was halted and I didn't have a clue on how to relaunch it in America. That is until I went thru a divorce and met Dr.Larry "T-Byrd" Gordon I. he is a producer with his on recording studio. There is truly something good from every negative situation. He auditioned me and,then,offered to work with me. Now,this present day, I am still a member of his organization which thanks to him I have 2 CDs out. Which brings me to explain the music. I write my own lyrics based on life and what is happening in my life at that moment. All my music has spiritual meaning and lessons of life. These words of wisdom I am sharing with the world,at least those who are playing my CD. Finally, what

makes my show different from other bands because we are!!!! With my show there's not just me but,also,an up-and-coming rapper name Big Will. He is featured on both of my CDs and we do the show together. I start my show with dancers accompanying me Big Will joins in towards the end. The dancers I,then, become the dancers for Big Will. And,he takes off.....
