

# Mp3 Diversity - Digital Shock

[DOWNLOAD HERE](#)

A techno, electronic album created for the underground hacker community... 12 MP3 Songs

ELECTRONIC: Techno, ELECTRONIC: Ambient Details: Digital Shock is a album created for the underground hacker community... Hope you enjoy this album as I did making it... About Thomas J. Allen: Thomas was born Dec 10, 1976 in Ocala Florida, he then moved to Bayonne, NJ at the age of 4. Since the age of 12 Thomas has studied music, and started cranking out his own tunes. In later years of his life Thomas continued working with Music and his bands, doing shows, radio interviews, etc. Thomas's music, web skills and production skills has helped him during his consulting career, and led him to some exciting jobs like MTV. Thomas has done web development, production, programming and musical services for companies like MTV, MTVi Group, MTV's TRL, VH1, SonicNet, Calvin Kline Jeans (MTV Contract), Oracle, Chase, Grey Direct, Redmond Media, MediaTool Network, and many others. During his technical career, he has played Bass Guitar in many Metal Bands including the most recent band Modus Operandi who was featured on K-Rock 92.3FM whereas his previous band Damned Cause who was on many radio stations with multiple interviews and airplay. With the few successful bands Thomas was in, he gained a lot of experience of music writing, radio airplay, radio interviews, opening up for bigger well known bands like Crises, Ill Nino, Canderia, Exodus, and has learned about management, promotion, advertisement, marketing, and also stage presence. Thomas also played a club in Staten island, NY where his band at the time "Damned Cause" was complimented by A.J. Pero, The drummer from Twisted Sister on a good performance and tightness. After all the bands were done with, Thomas moved on and has continued his solo project "Diversity", writing albums of the music he enjoys most! "Celtic, Egyptian, Electronic, Ambient, Techno, Dark Melodic Trance". He has a small recording studio setup in his home office where he writes, records, and mixes all his material. His studio consists of Many

computers, recording studio software, midi, synthesizers, samplers, etc.
