FUNK THERAPEUTIC MUSIC FROM THE SHORES OF GHANA. FUNK THERAPY 9 MP3 Songs
URBAN/R&B: Funk, URBAN/R&B: Contemporary urban Details: FUNKMATA is the birth of a new generation of cosmopolitan African musicians namely Robert Bannerman and Roy Aouad. This new genre of artiste feel that Africa can make its name on the international market with cosmopolitan pop music. Our music has many flavours to it and is essentially therapeutic in these troubled times. Evidence of this can be found on Robert's book Pop Poetry at xlibris.com/poppoetry. Our influences date from way back with giants such as Billie Holliday, Charlie Parker, Jimi Hendrix, Gap Band, Rolling Stones, The Doors, Janis Joplin, James Brown, Otis Redding, Wilson Pickett, Aretha Franklin, Whitney Houston, Average White Band, Edgar Winters, Prince and of course Quincy Jones. As mentioned this music cannot be defined as world music nor can one place it as African music. It is FUNK music made by Africans with a cosmopolitan background. We promise to surprise you even more with our second album TRANCELATION.
