Gunn Jakc has a customized style which is the embodiment of hip hop, taken from all elements. 22 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hardcore Rap Details: DEBUT ALBUM featuring Joe Good CES Cru with production by Miles Bonny, SG, Skillz Lane + more KANSAS CITY STAR REVIEW = Gunn Jakc has been eating mics for years. He's long been a part of the supporting cast at Joe Good and SoundsGood shows, with his charming stage presence and fluent rhyme style. And on 144 Killahurtz, Gunn Jakc proves he can hold down the starring role by himself like Don Cheadle. Commercial and radio-friendly aren't a concern; instead he just keeps it real and flows from his everyday life in Kansas City with tracks such as 816, So High and Nature. He holds down a track well on his own, but he fits in well with C.E.S. Cru on the You Know remix, and his chemistry with Joe Good is undeniable. They could easily be KC's own versions of Redman and Method Man, and Doin Nothin and Calvary Post are sure to make for good live performances. Prime cuts: Nature, Walk in these Shoes and Do Nothin. -J.O.
