My Music Genre is Hip Hop, and my album has alot of good songs and lyrics in it about everyday life and situations. Check it out it's good. 13 MP3 Songs HIP HOP/RAP: Hip Hop, HIP HOP/RAP: Rap Details: I have been rhymin for 11 years and still goin strong, from the first time i put a pen to a pad i've been comin up with some hot shit that's not hyped up. Origanally from Union City, New Jersey i've been through it all, from hangin out on the corner's to sellin drugs to gettin locked up to even being a P.I.M.P on the streets for real, to losing my mother at the age of 19 and my step father at the age of 14 (NEVER KNEW MY REAL FATHER AND DON'T CARE IF HE'S ALIVE). After that i didn't know what to do but to result to the street life mentality. I have just been doin what i've been wanting to do for as long as i know which is make songs that reach people and that people can relate to. After a while i moved out the entire hood area of Jersey to the west coast area of Utah where i currently live now. The reason for that was to get away from the everyday struggle and going nowhere fast. Now at the age of 25 i'm keeping my head up strong to acheive my goal for the future.
