SAFFRON CONSTRICTOR (Berlin school-like, videoartist oriented), NIHILISTAS ALEMANES (minimal, isolationism, all-retro) or PRUNE TANG (minimal techno, deep techno, ambient house). Luis J. has Salamanca, Spain, as operational headquarters and is a long time collaborator of a series of visual artists, designers and DJs, diffused part-time member of Elektronova Records and somewhat oblique cultural agitator from his Leperleasing Studio. Luis J. is mainly interested in esoterism and in happily drilling your mind with severe electronic antics for the careless something-elsers.
