Standalone sequel to Yuletide Enchantment. Star Holiday never paid much attention to her father's claims that their family was descended from the Celtic spirits of the seasons-and she certainly never expected to turn into a rabbit every time she stepped foot outside her family's cabin on the weekend of the spring equinox. Now all she can do is stay holed up with her sexy-as-sin ex-boyfriend, Theo Morgan, until the magic goes away. Or maybe the magic is just beginning as the former lovers have time alone to rekindle old passions and even ignite some new ones.
