Ce livre sur le professeur Samir Amin retrace à partir de notes biographiques ses origines familiales, son itinéraire intellectuel, ses combats politiques ainsi que ses expériences dans l'élaboration de politiques économiques en Egypte, au Mali et dans plusieurs autres pays. Sa découverte précoce au Lycée du marxisme et du matérialisme historique, comme outil d'analyse scientifique de l'histoire des sociétés humaines, forme la base fondamentale qui a structuré sa pensée, orienté son œuvre et influencé son action sa vie durant. Ce livre souligne également l'apport inestimable du Professeur Samir Amin à la lutte contre le capitalisme grâce à son combat inlassable pour déconstruire les concepts destinés à masquer la vraie nature du capitalisme historique, à savoir la poursuite éternelle de l'accumulation par la possession des pays et peuples dominés. A travers une série d'entretiens avec le Professeur Samir Amin, défilent un panorama saisissant de toutes les grandes idées qui ont marqué au cours de son combat intellectuel et politique au cours du demi-siècle écoulé. L'auteur donne aussi une sélection de textes, dont certains inédits, mais également une bibliographie aussi exhaustive que possible avec tous les écrits publiés en français ce jour par le Professeur Samir Amin. Cette œuvre prodigieuse et variée est destinée à une audience très large : étudiants, chercheurs, enseignants, leaders politiques et simples citoyens soucieux d'apprendre davantage sur le phénomène de la mondialisation et son impact sur les pays dits « sous-développés ».

This book on Professor Samir Amin retraces his family origins, intellectual itinerary, political struggles as well as his experience in economic policy formulation in Egypt, Mali and many other countries. The fundamentals which shaped Samir Amin's thinking, directed his life-long work and influenced his action spawned from his early discovery in high school of Marxism and Historical Materialism, used as a scientific analysis of the history of human societies. This book also highlights Samir Amin's invaluable contribution to the struggle against capitalism through his indefatigable fight to deconstruct the concepts

that are used to disguise the true face of historical capitalism, which is nothing but an unabashed pursuit for accumulation and dispossession of dominated countries and peoples. Through a series of interviews with Samir Amin, the author unravels the poignant and great ideas which have been at the heart of his intellectual and political fight for the last half century. The author also provides a selection of texts which includes an exhaustive bibliography, with all published writings of Samir Amin in French. This rich work is meant for a large readership - students, researchers, teachers, political leaders and citizens who are interested in the phenomenon of globalisation and its impact on the so-called 'under-developed countries.
