Learn How To Turn YOUR Website Into A Sales Churning, Profit Sucking Machine in just minutes from now... "Exposed! Discover the Hidden Secrets The #1 Direct Response Web Designer Uses To Rake in Millions Of Dollars For His Clients Every Year " From: Andrew Fox & Dave Mizrachi - Author "Make My Website Sell" Teleseminar Dear Friend, Do you ever wonder why you hear stories of some websites making thousands, sometimes even millions of dollars in a single week? Yet sometimes you struggle to make a single sale from your own website... Many people think it's because the "big dogs" have huge marketing budgets or pay professional web designers to create the perfect website. Nothing could be further from the truth... The Experts Raking In Fortunes Online Use A Secret Weapon To Create These Sales Churning Websites... In "Inner Circles" this man needs no introduction. However most of you might not have heard of him. His name is Dave Mizrachi.... Dave is one of the elite direct response web designers in the business. The difference between him and 99 of other web designers is he creates websites with one purpose in mind - to sell and make money! Dave's client list includes Armand Morin, Alex Mondossain, Lee Benson, Jim Daniels, Brian Keith Voiles including customer referrals from John

Reese and Michael Fortin... Yes all the guys mentioned above are the best in the business. The only problem is you can't hire Dave to work for you anymore . He's stopped taking on new clients! But there still is a way learn the secret "response boosting design tricks" Dave uses to create insanely profitable websites. The best part is these design tricks take minutes to implement, but can increase your sales by as as much 700! Introducing to you the "Make My Website Sell " Audio Teleseminar Package Today you can own the "Make My Website Sell" Package. Consisting of a 2 hour Interview with Dave Mizrachi telling you how to create websites that really sell (As much as \$1.2 million in 7 days) , with full transcripts and a "fill in the blanks" work book. Learn the exact methods Internet Guru's use to rake in fortunes online with their websites. After a lot persuasion I finally convinced Dave to reveal all the special design tricks he uses to create these killer websites. We held a special "no holds barred" 2 hour teleseminar in which Dave and special mystery guest and expert copy righter Michel Fortin spilled their guts. Every moment was professionally recorded! Before we go into details about what happened on the call, listen to some reviews from excited customers... Here are just some of Powerful Tips revealed in this incredible teleseminar interview... How to dramatically boost your website's conversion rate -- and turn more of your visitors into customers using a simple web design model that's proven to work online 28 simple response boosting design tricks that can explode your sales and conversions from 3 as high as a whopping 298! The one graphic Dave added which increased his opt in rate from 9.5 to an eye popping 16.9! How to take a lackluster website (with a low conversion rate), apply a few response boosting design tricks, and turn the website into an online money making machine Dave showcases his best-performing websites, and dissect them -- revealing every response boosting design trick and strategy that goes into creating a website that sells for yourself How to use a clever, but innocent-looking response boosting design trick in the first paragraph of your copy to instantly get your readers "sucked into" your sales copy -- and become mesmerized by your websites copy How Dave uses Neuro-Linguistic Programming (NLP) strategically throughout a website to enhance the persuasiveness of sales copy. Dave will show you you a sneaky way to use NLP to "fly under the radar" of your readers' conscious mind -- without making your copy appear obviously 'enhanced' The rule of 1=1 -- If you do nothing else but follow this rule -- you'll dramatically boost the profitability of any website you own How to use a simple, but often overlooked response boosting design trick on your order page to multiply your sales exponentially An order page template you can ethically steal from Dave... (This will slash 90 off your web design time) The top 3

blunders people make when creating direct response websites -- and how they can annihilate nearly all your potential sales and profits -- This design trick alone will dramatically decrease your learning curve so you avoid common mistakes which would take you years to figure out, let alone fix The exact colors that consistently and predictably outperform all others time and time again... A simple trick you can use in the first fold of your website to stop your visitors dead in their tracks and make them read every word of your copy Why you should never insert graphics at the top of your website -- This may sound obvious, but 99 of marketing websites violate this rule (and thats why they don't make money) and much much more... Here's EXACTLY What get When You Grab This Amazing NEW Product Today... 1. You receive the full MP3 recording of the call, which cost us over \$500 to have professionally edited. The call lasts 2 hours and is jam-packed with over 50 response boosting design tricks you can use to make your website sell. (\$297 value) 2. You receive a "fill in the blanks" worksheet. Use this as you listen to the call to make it more interactive. (\$47 Value) 3. You receive a professionally edited transcript in PDF form so so its reads on both PC and Mac. (\$97 value) Special Time Limited Bonus As a limited time only we are giving 5 direct response website templates that could easily sell for \$97 each. You are free to use these templates with any of your existing websites. Or you can use them for any new products you have. Just think - you will save you \$100's on web design fees! What Would All This Be Worth to You? If you've been wondering how to make your website sell using nothing but free techniques then this information is priceless. Remember you can't even hire Dave to personally work with you anymore - he's not taking on any new clients. You get to learn cutting edge web design techniques for just pennies on the dollar. With that said, can you believe the price of the Make My Website Sell Audio Teleseminar Package isn't even \$1,000? No, it's not even \$500. Or \$300. Or even \$200. Can you believe that your investment in this incredible package is only \$7? Yes, I know it sounds ridiculously under priced because you could easily spend that amount or more in a week just buying a couple of the latest ebooks on clickbank -- for the privilege of reading them and learning from them -- and not even having a product you can sell to make money! For now, you have a simple choice to make: You can either... Do nothing -- and remain the same internet marketer with the same business and same challenges you've always had. Still... working hours upon hours trying to promote a single website with a product that doesn't sell -- and still... not make anywhere near the type of money you want to make. Or you could... Grab the the Make My Website Sell Audio Teleseminar Package! and earn the type of money you want to make right now I think your choice

is clear. Order your Package right now : Yes! I'm More Than Ready To Grab the Make my Website Sell Audio Teleseminar Package for just \$7.
