What folks are saying about Aspen: *** NEW REVIEW *** "Aspen Black's new CD 'A Hundred Years Too Late'(CRCD008)on the Catawba label, was recommended to me by radio host, Al Krtil. Aspen owns and operates a ranch where she breaks and trains horses! Her lyrics reflect her love of the West and it's wide open spaces. Among the 12 selections, there's a song that's sub-titled "The Ballad Of Ian Tyson", and others like "Ride, Cowgirl, Ride" and "Barrel Horse Blues", that reflects her perspective as a cowgirl and a trainer. While all the songs on this CD are originals, they don't overdo the percussion that so often characterizes contemporary recordings. Accompaniment emphasizes the acoustic sound, albeit not exclusively so. Available at
